# PHYSIOTHERAPY

**PERSONALIZED PHYSIOTHERAPY FOR CHILDREN AND ADULTS WITH DIVERSE CONDITIONS**

## FOR CHILDREN

The physiotherapist at BFLC focuses on treating children aged 2 to 12 and with respiratory, developmental, musculoskeletal, neurological or other conditions such as flat feet, tip-toeing, frequent falls or fidgeting.

## FOR ADULTS

As for adults the conditions that our physiotherapist will be able to conduct treatment will be for cases such as musculoskeletal, Mild Neurological (after stroke rehab and parkinson) or sports injuries which involves muscle sprain and strain.

Physiotherapist will create a personalized plan of treatment and exercises based on each individual's needs to ensure the most effective outcome.

# Why Choose Us?

02

We also provide **Cambridge Primary Key Stage 1&2**, an internationally recognized curriculum that focuses on developing a child's literacy as well as **STEM, Science, Technology, Engineering, and Maths**.

We offer **2D and 3D animation, SCRATCH programming & ROBOTICS** in addition to traditional academic programs.

**2D & 3D Animation**

**Meet Charlie, the ROBOT**

All of these are taught using a variety of methods including **experiential learning**.

**Field Trip to National Science Centre, Kuala Lumpur**

**Playground Time**

# Why Choose Us?

## Outdoor Painting

At BRIGHTFuture Learning Center, we believe that **each child is unique** and take a personalized approach to education.

Our goal is to provide an innovative and engaging learning environment that inspires and empowers our students to achieve their academic and personal objectives.

## SMART Parents Program

## Enrichment Programs

## Karate Lessons

As a result, we provide each student with an **individual education plan**. IEP outlines the student's strengths, weaknesses, and learning objectives.

## Sports Day

This enables us to tailor our instructions to each student's specific needs and ensure that **each child reaches their full potential**.

## Gardening

## Junior Chefs
